**Braemar Hills / Gleason Circle / St. Patrick's Lane Neighborhood
Roadway Improvements**

Dear Resident:

The following is a quick update of the project in your neighborhood:

Neighborhood Reconstruction Schedule

Water Shutdowns

All water shutdowns have been completed for the neighborhood. Northwest Asphalt and the City of Edina appreciate your cooperation during this process.

Sump Drains

Sump drain pipe installation was delayed due to weather. We anticipate the contractor starting next week on St. Patricks Lane. All residents with sump pumps and roof drains who discharge at the curb or within the right-of-way should use this service pipe. Please call or e-mail me to discuss what is expected to adhere to City code.

Storm Sewer

Northwest Asphalt has started the storm sewer improvements on Scotia Drive. They should have all the improvements finished by next week, weather permitting.

Sanitary Sewer

On Monday, June 3, Scotia Drive will be closed at 6125 and 6128 for sanitary main repair. After Monday, sanitary manhole repairs will continue on Scotia Drive and Tupa Drive. This work will consist of digging a four foot hole around the manhole and replacing a section of the manhole with new concrete.

Road Closures

Please keep your eyes open for the road closed signs for Tupa Drive and Scotia Drive as next week we will be moving from one street to the other very quickly in order to complete the last few utility improvements.

Private Utility Reconstruction Schedule

Comcast is finished with its upgrades in the neighborhood. CenturyLink is scheduled to start upgrades next week.

Communications

For detailed information about the project, visit www.EdinaMN.gov/construction_braemar_gleason_stpatricks. Please encourage your neighbors to sign up for City Extra emails. The City of Edina and Northwest Asphalt thank you for your patience and cooperation throughout the project.

Regards,
